I wish to write a note letting you know what outstanding work you did with my dog. You trained my 12 month old female boxer named Mya. My dog would get into everything and always find trouble if trouble was to be found. I sent Mya to your residence/business to stay and train for only 3 weeks; I cannot believe the difference this has made in my dog. She listens and obeys, she knows not get into trouble anymore (no more chewing things), and she is such a well mannered dog. I would highly recommend to everyone that has a dog to have some obedience training done by you. What a difference it has made in Mya and I have grown to love her more. She is such a different dog since she has trained with you. You have trained her to sit and stay. She will not move even with distractions until I give her the command. On a leash she will heel. I know she is a lot safer now that she will listen. If there was a cat that ran out into the street and Mya went after it and I said sit she would sit and not move until I gave her the command. If anyone asked I would say that Dean has done miracles with my dog and I am grateful for all he has done. I feel that Dean knows how to treat and teach dogs so that they understand. That is why he is so good at training dogs. I know that if I ever have another dog or puppy I will have it obedience trained by Dean. Thank You Dean for all you have done for Mya, we love our dog, she is part of our family and you have made her such a better dog just from the three weeks of training that you did. You are amazing.

Thank you.
