To Whom It May Concern;

We are pleased to be able to recommend Dean Audet and his dog training service.

Dean helped us change a 2 1/2 year old dominant, aggressive, dog with some fixations, to be a balanced, submissive dog with fixations almost gone in three short weeks. We think that this is remarkable.

Dean is able to communicate with people as well as dogs. This makes learning easy for both owner and the dog.

We have no hesitation in recommending his services.
