To whom it may concern,

Please accept this letter of reference for Dean Audet. I have known Dean for the past two years and over this time have come to appreciate the fact that he is not only a wonderful person, but an incredible dog trainer as well.

Dean has been training my dog Lucy since she was a puppy. Since working with Dean, Lucy has become a much more obedient, in-control and (I think) happy dog. He uses a number of interesting tactics for training her including pack/leader mentality and human energy, which she seems to adapt to very well. Not only does Dean train the dog, but he also trains the human as well. He has an abundance of enthusiasm and energy and dog training is obviously his passion.

I also had Dean on a TV show I hosted in Kamloops a number of times. His dog training segments were always popular and useful to the viewer.

I've recommended Dean to a number of friends and colleagues. He is great with animals and I know he would be successful at anything in a related field.

Sincerely,

A handwritten signature in black ink that reads 'Maggie Cox'. The signature is written in a cursive, flowing style with a long tail that loops back up towards the end of the name.
